

ENVIRONMENTAL POLICY
ISO 14001:2015

Scope and context of the organisation

ZYTRONIC DISPLAYS LIMITED manufactures and supply's laminated products including specialist electronic touch screen sensors, optical filter displays, RF shielding and specialist lighting products combining the properties of glass, plastics or composites.

Policy statement and context of the organisation

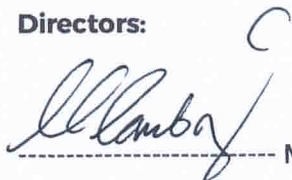

ZYTRONIC DISPLAYS LIMITED is committed to managing the consequential impacts of its activities in relation to environmental practices.

In line with good environmental practices the Company is committed to:

- Continual improvement by reducing the consumption of resources, and also to the prevention of pollution to the environment by minimising the release of polluting substances where practicable.
- Fulfilling its compliance obligations and other requirements.
- Minimising waste and to dispose of waste in a manner which minimises any adverse effects on the environment.
- Promoting environmental awareness throughout the Company.
- Developing an environmentally responsible approach to the manufacture of the Company's activities, products and services that derive from this policy.
- Reviewing objectives and targets.
- Promote where possible, recycling, for example: glass, cardboard and electrical equipment waste.
- Minimise energy consumption and use it as effectively and efficiently as is practicable.
- Develop an environmentally responsible approach to the procurement of supplies and subcontractors.

Responsibilities

Our staff are aware of their responsibilities within our management system and are committed to its future success. The policy is communicated to our interested parties where appropriate.
